REPORT OF SUPERINTENDENT OF SCHOOLS

To the Londonderry Board:

The present year, July 1, 1934 to June 30, 1935, has been one during which several of the school buildings have been repaired and painted. It is the policy of the School Board to continue these improvements and to install improved heating facilities until all school houses are in excellent condition. These improvements tend, of course, to increase the amount of total payments and yet in spite of this, the total expenditures of the three years ending June 30, 1934, 1935 and 1936 will average only \$15,500.00 as against approximately \$18,000.00 for the three preceding years, a reduction of a little less than \$2,500.00 annually. Taking everything into consideration with the present number of schools and pupils \$15,500.00 is a normal expenditure.

As a partial offset to this annual cost Londonderry has an income from State Aid and other sources averaging about \$2,500.00. This means in the long run an average tax levy of from \$13,000.00 to \$14,000.00.

The budget in this year's report calls for \$13,283.35, an amount which, barring unusual circumstances, will fully provide for the coming year.

Last year I made the following statement, "It is not enough that pupils be given certificates entitling them to *enter* high school, they must be able and willing to *successfully accomplish* high school work."

A good beginning has been made this current year toward raising the standard of accomplishment and still further advance must be made by more careful selection, for promotion,

of those pupils who have, to the best of their ability, covered the essentials of the State Course of Study.

Of the pupils reaching the eighth grade, if reasonable standards are insisted on in the preceding grades, ninety per cent ought to be able to enter high school without conditions at the end of the year. If this is not the case then the eighth grade must be repeated by pupils who cannot or will not meet these reasonable standards.

GEORGE H. WHITCHER,
Superintendent of Schools.

February 14, 1935.
